ONE+ Battery Inverter

The new ONE+ 2-in-1 inverter and charger is the latest addition to Ryobi's growing range of portable power! Power up any device up to 150W and charge any ONE+ battery using the cable included.

This handy device is perfect for camping, road trips or even just for providing portable power in your garden without the hassle of long extension leads.

The ONE+ Inverter is especially useful in power outages. Keep your laptop or wi-fi router operating, so you can stay connected in emergency situations. Plus the LED light, located on top of the inverter can provide you with some much needed extra light!

Extra Features and Benefits!

With 1 x AC outlet, 2 x USB-A and 1 x USB-C this inverter has even more outlets than the previous generation. And using the included wall plug and USB-C cable, this product turns into a ONE+ battery charger.

Charge Your RYOBI® Batteries For Renewable and Storable Power

Connect your RYOBI's ONE+ Inverter to one of RYOBI®'s solar panels and charge your batteries with the power of the sun! Store the energy in the battery and use on any of your ONE+ products, so you never run out of power again!
